

2020/21 Impact

This year we have supported 510 children from disadvantaged backgrounds in 24 schools to improve their literacy and numeracy.

“Reading has made me happy.” T, Year 2

“Thank you for supporting my son. Thank you! He's excited to read and write. He is confident in reading. M is a brilliant reader now.” Parent

I met a brilliant teacher and I feel much more confident with maths. I love this group so much I don't want to leave.” E, Year 4

Children completing our programmes made on average:

11 months' progress in reading

17 months' progress in comprehension

86%

of children now feel confident or super confident about reading

87%

of children now feel confident or super confident about maths

77%

of Teachers feel that their children would achieve higher maths assessment results
