

Story Bags

A story bag can be the doorway to a magical world, an amazing space adventure or even take you back in time!

You will need: *A fabric bag or pillowcase, a selection of objects ... anything you can find that fits in the bag!*

- Collect a variety of objects to put in your story bag. These can be based on a theme or completely random - some of the best stories come from the random ones!

- Put all of your objects into the bag and, if it's safe, give it a shake!

- Close your eyes and pick 3 or 4 objects out of the bag.
- Now your story is ready to be told - It can be long or short, funny or serious, adventurous or perilous, it's up to you! Use the objects you chose as inspiration.
- When you have created your story, why not make your own book, tell it to someone over the phone or perform it to an audience?!
